Il nostro obiettivo in TW è sempre stato quello di creare prodotti di alta qualità e in conformità con le esigenze che noi consideriamo obbligatorie quando si lavora con un elemento così importante come l'Acqua.

L'Acqua è innanzitutto un alimento. Per questa ragione crediamo che sia fondamentale garantire la massima affidabilità. Con questo fine abbiamo voluto rafforzare il nostro valore nelle certificazioni di prodotto attraverso un ente certificatore terzo e indipendente come ICIM, Istituto di Certificazione Italiano per la Meccanica. La scelta aziendale di certificare i nostri prodotti nasce per informare il consumatore dell'alta qualità dei filtri e delle osmosi realizzate in think:water.

Acqua.

Con la denominazione acqua viene inteso quella certificazione ICIM che vale per 9 indirizzi giuridici derivanti da decreti ministeriali, legislativi, presidenziali e direttive Ue (*vedi estratto regolamenti*). Tra **questi è incluso l'importante D.M. 174 per i materiali e gli oggetti che possono essere utilizzati negli impianti fissi di trattamento delle acque destinate al consumo umano e di conseguenza il D.M. 25.**

UK Approval Certificate (page 2 of 2)

Appendix to Certificate 2101726

The following products are covered by this certificate -

PRODUCT DESCRIPTION: Range on inline filter cartridges with various filter medium depending on model variant. Having a plastic body and EPDM o rings. ATS3 – Without Production Surveillance.
MODEL(S): Cartridge Profine Blue Small. Medium. Large (76 mm diameter, 300 - 420 - 560 mm height, 3.5 mm thickness); Cartridge Profine Silver Small. Medium. Large (same body and same dimensions of Blue, different colour); Cartridge Profine Violet Small, Medium, Large (same body and same dimensions, different colour); Cartridge Profine Lilac Small, Medium, Large (same body and same dimensions, different colour); Cartridge Profine Ocra Small. Medium. Large (same body and same dimensions, different colour); Cartridge Profine Big Violet 2.0 (137 mm diameter, 295 mm height, 5.0 mm thickness); Cartridge Profine Big Violet 3.0(137 mm diameter, 374 mm height, 5.0 mm thickness); Cartridge Profine Big Violet 4.0(167 mm diameter, 381 mm height, 7.5 mm thickness); Cartridge Profine Big Violet 6.0(173 mm diameter, 453 mm height, 7.5 mm thickness); Cartridge Profine Big Lilac 2.0. 3.0, 4.5, 6.0 (same body and dimensions, different colour); Cartridge Profine Big Ocra 2.0. 3.0. 4.5. 6.0 (same body and dimensions, different colour).
NOTE: All cartridges are different and colour identifies the type of active material inside: - Blue family has standard active carbon. - Silver family has silver impregnated active carbon. - Violet family has weak cationic resin by Lenntech Lanxess plus silver carbon-block. - Lilac family has weak cationic resin by Purolite plus silver carbon-block. - Ocra family has strong cationic resin by Pure Resin and no silver carbon-block. - Blue and Silver shows 3 different sizes (same diameter, different height): Small, Medium and Large. - Violet, Lilac and Ocra can have Small, Medium and Large dimensions OR Big size (2, 3, 4.5 and 6 litres capacity).
SIZE: 3/8" BSP (M).
SCOPE: Manufacturer recommended maximum working pressure 6 Bar & cold water use only. Hygienic purposes: Non-metallic materials suitable for continuous contact with cold water only. Above ground use only.
MATERIALS: Non-Metallic materials assessed (BS6920) to point of discharge.
BACKFLOW PROTECTION NOTES: N/A.
MARKING: Profine and other technical information on body.
ADDITIONAL NOTES: Opacity. Opacity cannot be guaranteed on this fitting. The fitting is to be so installed as to be readily accessible for examination, test, maintenance, replacement or operation. Water Undertakers cannot be responsible for the quality of water passed from these fittings.

Extra Notes:

CERTIFICAZIONE
WRAS

This certifies that

THINK WATER SRL

has had the undermentioned product(s) examined, tested and certified as being of an appropriate quality and standard as required in the Water Supply (Water Fittings) Regulations and Scottish Water Byelaws, subject to scheme requirements being met when installed.

Water Regulations Advisory Scheme Ltd.
Unit 13, Willow Road,
Pen y Fan Industrial Estate,
Crumlin,
Gwent,
NP11 4EG

Approval Number 2101322

Dear Sir/Madam

Production samples of the products described in the **Approval Information** section below ("Products"), have been subjected to the relevant mechanical and water quality tests as defined in Regulation 4 (2) and Schedule 2 to demonstrate a product is of an **appropriate quality or standard** for the purposes of a WRAS Approval application.

1. After considering the test reports and examining the Product/s, The Water Regulations Advisory Scheme Ltd. ("WRAS Ltd" / "WRAS") finds that:

The product is of an appropriate quality and standard as defined in The Water Supply (Water Fittings) Regulations 1999, The Water Supply (Water Fittings) (Scotland) Byelaws 2014, The Water Supply (Water Fittings) Regulations (Northern Ireland) 2009 and all other applicable WRAS requirements,

The non-metallic materials of construction, in contact with the water, are suitable for contact with wholesome water intended for domestic purposes having met the requirements of BS 6920-1: 2014 'Suitability of non-metallic products for use in contact with water intended for human consumption with regard to their effect on the quality of the water'.

2. WRAS Approvals are granted subject to, and in accordance with, the Standard Terms and Conditions of WRAS Approvals Schemes (WRAS.Cust-401) as amended from time to time ("Standard Terms of Approval").

You have confirmed your acceptance of the Standard Terms of Approval by submitting your application for WRAS Approval. A copy of the current Standard Terms of Approval are available from the WRAS website: www.wras.co.uk.

Terms defined in the Standard Terms of Approval shall have the same meaning in this letter unless the context otherwise requires.

3. Installation Requirements & Notes (IRNs) are set out in Appendix A. A Product only qualifies for Approval if WRAS is satisfied that the relevant Product complies with Regulation 4(1)(a) and the requirements of the Scheme when installed in accordance with the manufacturer's instructions and any applicable Approval Scheme Installation Requirements and Notes.

Since the incorrect installation of Products will not be within the scope of an approval and may result in contravention of the Regulations or Byelaws requirements, **the attention of your customers should be drawn to any IRNs applied.**

4. Please note that the use of the Products described in any particular area of supply is at the discretion of the Water Company (water undertaker) in that area.
5. Approval Holders may quote in their sales literature that their product is WRAS approved. A WRAS product approval demonstrates that a water fitting is of a suitable quality and standard, provided that it meets the requirements of the Scheme when installed in accordance with the manufacturer's instructions and any applicable Approval Scheme Installation Requirements and Notes
6. The "WRAS Approved Product" logos are certification marks registered under the Trade Marks Act 1994 ("Certification Marks"). Approval Holders may use the Certification Marks in accordance with the Standard Terms of Approval.
7. Please verify the details of your Product as set out in the approval information and advise us of any discrepancies by no later than .

Yours Faithfully

A handwritten signature in blue ink, appearing to read 'Ian Hughes', written over a light blue horizontal line.

Ian Hughes
WRAS Approvals Manager

APPROVAL INFORMATION

Validity dates:	This approval is valid for fittings (as listed below in model) manufactured AND installed between January 2021 & January 2026
Section Number:	1055
Section title:	FILTER CARTRIDGES
Installation requirement notes:	R001, R008,R120,R170,R290 (IRN's are set out in Appendix A)
Product description:	Range on inline filter cartridges incorporating plastic bodies. The filter media varies between models and includes active carbon, silver impregnated active carbon, silver carbon block & weak/strong cationic resin. Maximum working pressure 6.0 bar. Cold water use only.
Size:	See model
Identification Marking:	Profine and other technical information on body. Flow arrow on head unit.
Manufacturer:	Think Water Srl
Model:	33.65mm OD: Cartridge Profine Blue, Silver, Violet, Lilac and Ocra Small, Medium & Large. 3/8" BSP (M): Cartridge Profine Big Violet 2.0, 3.0, 4.0 & 6.0. Cartridge Profine Big Lilac 2.0, 3.0, 4.5, 6.0. Cartridge Profine Big Ocra 2.0, 3.0, 4.5 & 6.0.
